BEYOND THE CALL

Athletic Training Conference
 &
 High School Athletic Training
 Student Workshop

January 27, 2008

**Keynote speakers:
Bobby Barton and Mark Smaha**

What do you do when faced with a situation the textbooks never covered?

Our keynote speakers Mark Smaha and Bobby Barton, both past NATA presidents, were faced with that exact situation.

Mark and Bobby were Athletic Trainers with the Marshall University's Football Team. They were closely involved in the aftermath of the plane crash that killed the Football Team and staff. The movie "We are Marshall" is based on this tragedy.

They both accepted the challenge, and they will share with you their experiences about coming to terms with this tragedy.

After you hear their stories you can decide for yourself if you would go

"Beyond the Call"
