

Minutes
Southeast Athletic Trainers Association Business Meeting
Friday, June 29, 1984 4:00 p.m.

The meeting was called to order by Director Jerry Rhea. Mr. Rhea went over a synopsis of all of the items discussed at our Nashville business meetings. Everyone was given a handout in their registration packet (See Appendix A).

Committee Reports: Jim Gillespie
Continuing Education: Linda Arnold - handout (See Appendix B)
-in 1985-87 all A.T.C. and Associate members must meet the same CEU standards (6 CEU's in 3 years)
-there is no longer a 2-year probationary period

It was noted that the District meeting was worth 1.0 CEU's and the Certification Examiner's Workshop was worth 0.3 CEU's. Mr. Gillespie recommended that everyone read the CEU guidelines very closely, noting that there are many ways to earn CEU's besides attending meetings.

Director Rhea stressed again the need for a good public relations campaign and that the NATA Inc. has made a commitment to select a firm. This will especially help in the search for more Athletic Training jobs at the secondary level.

Mr. Rhea noted that Mr. Paul Grace was present at the District Meeting to help conduct the Certification Examiner's Workshop. Mr. Grace is the National Chairman of the Certification Committee.

Mr. Otto Davis, Executive Director, addressed the meeting, expressing the need for a good public relations campaign. Mr. Davis also singled out several of our district members, emphasizing the excellent job they are doing in their specific areas. Members include:

Chris Patrick - National Ethics Committee Chairman
Warren Morris - NCAA Rules Committee Member
John Anderson - Special Olympics

Mr. Davis also brought up items we should all be aware of:

- 1- Endural-Beta Blocker. Was initiated on the West coast and is rapidly moving across the country
- 2- Alumni groups. There are some alumni groups approaching Athletic Trainers at their various schools to distribute marijuana to the athletes
- 3- Information Release. Make sure your information release forms concerning your athletes are properly documented and signed
- 4- Athletic Training Majors. Be careful about limiting your people by encouraging them to get degrees only in Athletic Training or P.E. - this move could limit their job opportunities

Mr. Rhea returned to the podium to remind us of our two Hall of Famers this year. They were Jim Goosetree (U of Alabama) and Joe Worden (Vanderbilt). Neither was able to make it to the District Meeting.

Mr. Rhea commented on the professionalism of David Green and Al Green in their positions on the Certification Committee. The Examiner's Workshop was a success and shows an attempt to make the Certification Examination more consistent and more fair. They were each presented with a Panasonic Mini-Cassette for their hard work.

Mr. Rhea acknowledged Sherry Buickel as the newly-elected Secretary-Treasurer. Ms. Buickel stated there were 116 present at the meeting; 80 A.T.C. (or other) and 36 students.

Mr. Rhea reiterated the need for students to apply for scholarships, and also the need for Journal articles; encouraged reading and following the journal guidelines before submitting articles for publication.

Mr. Rhea ended his presentation by thanking everyone who had helped make this District Meeting such a success, and turned the meeting over to the new District President, Doug May.

Mr. May began by showing the plaques being presented to the two student scholarship winners - neither were able to attend the meeting but wished to thank us. The winners are:

Undergraduate: Gerard White - Northeast Louisiana
Graduate: Susan Rowlette - Morehead State University.
(Mary Lou Junta of Morehead State accepted Susan's plaque for her)

Mr. May thanked Chuck Kimmell for the excellent job he does in securing our exhibitors for this meeting each year - everyone applauded his efforts. There were 25 exhibitors this year.

Mr. May continued with the process of establishing a site for the 1985 District Meeting - 8 sites were submitted:

Suwanee Falcon Inn
Birmingham Hilton
Chattanooga - Eastridge
Atlanta-Terrace Garden
Atlanta Peachtree Plaza
Atlanta Harvest House
Chattanooga Sheraton
Columbus (GA) Hilton

Discussion was held on these sites and they were narrowed down to four. The overwhelming choice was Suwanee, with Chattanooga-Eastridge as a second choice.

The 1985 District Meeting will be held in Suwanee, GA at the Falcon Inn June 27, 28, and 29. The room rate will remain the same as this year (\$40).

APPENDIX A

AUDIO VISUAL -

Jim Madalino is our district representative. Each district has both a 1/2-inch and 3/4-inch video of "They Keep Em Playing." Jim was in charge of our A-V viewing room in Nashville and did an excellent job representing us to the National audience. There is now an indexed bibliography of the N. A. T. A. Cassette Tape Programs available to our membership.

CERTIFICATION -

Through the use of the Instructor Workshop this past year, the security of the test has been tightened. These workshops deal with procedures of administering the test and not the test itself. Paul Grace will be here until Friday morning for the workshop and to answer questions. In his report to the Board, Mr. Grace reports that there is no reason for the many failures during the past year except that people are ill prepared. The committee will make available a bibliography from the texts the tests are made from. David Green of Eastern Kentucky, and Al Green of the University of Kentucky represent District IX on this committee.

CONTINUING EDUCATION -

Beginning with the reporting period of 1985-88, it will be necessary for all associate members to meet the same C.E.U. requirements as the certified members. Beginning with the reporting period 1985-88, both certified and associate members will no longer have a probationary period. It becomes get it, or lose it. Send all C.E.U's in within 30 days after qualifying.

DRUG EDUCATION -

John Wells has gone from Mars Hill to U.N.C.-Ashville. The N.A.T.A. program in 1985 will have segment dealing with drug testing.

ETHICS -

Due to a situation in District IX, the board has directed this committee to develop an investigational team to evaluate athletic training programs outside of their schools. This would be similar to the P.E.C. evaluation team. In the meantime you would be wise to refrain from evaluating another trainers program as a consultant. Chris Patrick is our chairperson. Henry Lyda of Alabama is our district representative.

GRANTS AND SCHOLARSHIPS -

Pinky Newell has resigned as Chairman and as a member of this committee. He is replaced with Frank George of Brown University. The committee was instructed to re-evaluate the criteria for selecting student award winners. A student can no longer win a N.A.T.A. scholarship 2 years in a row, but could the third year. A student applying for a N.A.T.A. scholarship must have been a member of the Association for a minimum of 1 year.

HONORS AND AWARDS -

The only criteria to qualify for selection is (1) be a N.A.T.A. certified member and (2) have worked two weeks at the Colorado Springs Training Site.

JOURNAL -

Steve Yates of Wake Forest is soliciting articles for the Journal. There is no backlog. If you submit an article, use format as published in the Journal. Because of many grammatical and spelling errors, it is suggested that you have someone in your English or Journalism department proof read the material prior to submitting it. The Journal had 2,000 responses to the C.E.U. quizzes last year. The National office address is now 1001 E. 4th, Greenville, N. C. 27834. PUBLIC RELATIONS -

We have a one year contract with the firm of C.M.F.&Z. of Cedar Rapids, Iowa, to do a survey of trainers to evaluate the image we have of ourselves. The Board heard two other P. The Board is committed to a major public relations campaign directed at creating jobs at the secondary level.
