

DISTRICT 9 NEWSLETTER

I have a limited number of NATA cloth patches that can be sewn on your shirt or jacket. These can be ordered for \$1 a piece.

District 9 Membership would like to congratulate Wes Knight of Ole Miss on his being named to the Helms Hall of Fame.

We would also like to congratulate "Sandy" Sandlin, University of Chattanooga on his 25-year award.

Any news items for the District 9 Newsletter should be sent hereafter to Mickey Cobb, Athletic Department, Georgia Southern College, Statesboro, Georgia.

1970 District and National dues will be billed on August 1, 1969. They will be \$30 instead of \$25 because of the raise in the national dues.

If you change jobs and move to another District you must notify the District Secretary of the District that you are leaving. Forms will be available for this.

Districts 3 and 9 enjoyed dinner together at the Living Room in Cincinnati. We hope to make this an annual affair in conjunction with the national meeting.

A reminder: Have your student trainers enroll as student members this fall. Write me for application blanks

You will be hearing more about the William E. Newell Student Trainer Scholarship in the very near future. Application forms will be available from me.

The Journal of the National Athletic Trainers Association can be sent to non-members for a subscription fee of \$5. This should be sent direct to the National Office, 3315 South Street, Lafayette, Indiana 47900.

If a job opening occurs that you know about, have the Athletic Director of that school contact the National Office. The National Office will in turn send that school pertinent information on people desiring jobs. The National Office cannot make specific recommendations though.
