To complete a project that will be a great help to our public relations and educational endeavors, we earnestly need your help.

We need 35 millimeter color slides of athletic trainers at work.

If you have any, please send them to me at your very earliest convenience. Those not used will be returned.

We need a wide variety at a good cross section of the country.

Pictures of athletic trainers in any of the following categories will be greatly appreciated:

- Taping
- Applying modalities
- Lecturing (class or clinic)
- Working on the field or court
- Rehabilitation work
- Massage

I am sure you can think of other areas.

Please help us out if you have any 35 millimeter color slides.

TO: Membership District #9

The generosity, thoughts, and prayers which have been extended to Carole and I will never be forgotten.

The concern that has been showed by the National Athletic Trainers Association and especially District #9 makes an individual very proud of his associates.

Carole is improving and is now at an extended care facility. She is now able to walk with canes and is getting very anxious to throw them away.

A big thanks from us both and we are looking forward to thanking you personally.
