#####

This will about wind things up for the next three months. Only the most pressing business of our District will be taken care of.

#####

Please refrain from having your students and team physicans apply for NATA membership until after the 3rd Saturday in November, Really, it will be to their advantage to do it this way as dues for '73 will be ready to be mailed by the National Office in December. Anyone applying now will have to pay again in about 3 1/2 months.

#####

Several weeks ago the trailer belonging to David Silva, Assistant Trainer at Mississippi State, was completely destroyed by fire. Dave and his wife lost everything in the blaze. Any help we can give them would be greatly appreciated.

#####

Good luck to all--may you have an injury-free season!

#####

The District Secretary has a supply of NATA pins and patches; patches are \$1.00 and pins are \$2.50.
