News from the District Director, R. T. Floyd

I hope the fall season has been a winning one for you, if not on the scoreboard, at least in terms of injury/illness prevention and care. In addition to being a busy time for us all on the field, court or in the clinic, we have a number of items keeping us busy at the NATA and SEATA levels. I encourage you to keep up with the current issues and events through regularly reviewing the related websites as well as the eBlasts, newsletters and email you receive. Please set aside some time at least weekly to stay abreast of the profession and respond when appropriate to make a difference. For us to do our job in representing you, we need your ideas, suggestions, concerns, and feedback.

Please take a few moments to nominate deserving members for both the NATA and SEATA Awards which have Nov. 15 and Jan. 1 deadlines, respectively. If working with students, please encourage their active involvement and encourage those who are eligible to apply for the NATA Foundation and SEATA scholarships.

Regarding NATA Board action, we were pleased with the attendance and financials from the Anaheim convention and will discussing future conventions in the

west in May. We will also be looking at reviewing proposals for the 2011 NATA convention very soon and there is a possibility that District IX could be hosting this annual meeting. As you hopefully have read, the NATA Fellows program is up and running and we encourage those District IX members who are eligible to apply. We approved the Governmental Affairs Committee's request to name a legislative award after the late Dan Campbell, a former District IX member. New evaluation forms for committee members and chairs are being implemented. In an effort to improve member awareness of NATA Board action, we have begin posting summaries of our meeting and conference call minutes on the Members Only Web site at <http://www.nata.org/members/login-members.cfm> Simply log in, click on NATA Documents on the left side of the page, then go to BOD Summary of Minutes. To avoid confusion, this will be the only location of these summaries.

We are excited about the growing success of Capitol Hill Day and have approved additional funding to support increased attendance in 2008. The College & University Athletic Trainers and the Second

News from the President, MaryBeth Horodyski

Hello – I hope this newsletter finds you enjoying this fall season. You may have noticed the SEATA eBlasts and Newsletters that arrive in your email. Many thanks to our District Director R.T. Floyd for all his time and efforts in helping keep our SEATA members informed. Log onto our SEATA website to see more information about the many SEATA activities.

Your SEATA Executive Board continues to meet throughout the year via conference calls. Please contact your State President or any officer on the SEATA Executive Board if you have questions or suggestions to enhance SEATA activities.

Recent activity of the Executive Board included a meeting of the Finance Committee in Atlanta; appointing Lindsay McLean to the Finance Committee; additional discussion on the revisions to the SEATA By-laws; selection of four sites for review for future SEATA Annual Clinical Symposium and Members Meetings; approval of several SEATA members to various SEATA committees; and approval of funding for the 2008 Capitol Hill Day. I encourage you to review activities of the SEATA Executive Board by reviewing minutes of the meetings on our website.

Thanks for Making a Difference! Keep it Going: H.R. 1876, Medicare Access to Physical Medicine and Rehabilitation Services Improvement Act?

Thanks to all of the SEATA members who have taken the time to call and write their members of Congress to urge their support of **H.R. 1876, Medicare Access to Physical Medicine and Rehabilitation Services Improvement Act**, the NATA-backed Medicare legislation. Your continued efforts and those of ALL athletic trainers AND those students, parents, coaches, administrators, allied health care professionals with which you have influential contact can and do make a difference. Please keep up the great work until we have every possible Representative signed on as a co-sponsor. We are in the

relationship building phase and a continued effort and persistence are critical.

Visit the [Legislative Alert Center](http://www.nata.org/members/documents/alert_center.cfm) at http://www.nata.org/members/documents/alert_center.cfm and send your letters today! It is a very easy process and will take you less than five minutes.

Go to http://www.nata.org/members/gov_affairs/access_act/2007_docs/bill_school_settings.pdf to read how and why this affects athletic trainers in schools.

Have your supervising physician to send a letter as well! Members of Congress want to know that physicians

care about this issue.

Physician involvement is critical to the success of H.R. 1846. Please check your 4/17/07 email from NATA and print out the attached letter, have your physician sign and complete their address, and fax it back to the NATA office (214.637.2206). We'll take care of sending it to the correct members of Congress; we'll fax it to both Senators and the Representative.

NATA News

Dear NATA Members,

I'm writing in regard to the NATA News. We want the magazine to be a helpful resource, and we do our utmost to be timely, accurate and interesting every month.

Although our online version has remained on time, in recent months we have been caught in a series of incidents that delayed print production:

- NATA's first elected president, Bobby Gunn, passed away this spring when our magazine was at the printer but not yet on press. We elected to pull back that issue in order to include a memorial tribute. This has set back production on subsequent issues, and we are working very hard to catch

up in the wake of the Annual Meeting and the Change the World initiatives.

- An electrical surge at our printer's plant caused a fire, which not only delayed the mailings already on press but also has led to subsequent equipment malfunctions, particularly in the bindery. They are working diligently to overcome these ongoing machinery challenges and clear up residual backlogs.

I know you want your association and member news in a timely manner, and that's a reasonable expectation! We want to meet it. Rest assured, this slowdown is not acceptable, and we have implemented measures to bring all NATA

News deliveries back in line by the end of the year. In the meantime, please visit the NATA News online edition, which has not been slowed. It's at <http://www.nata.org> in the Members section. Thank you in advance for your understanding and patience.

On a related note, look for some innovative changes in the spring when we unveil a completely re-designed NATA News and NATA News Online. In the meantime, thank you so much for reading!

Very best regards,

natapac
National Athletic Trainers' Association political action committee

NATAPAC Committee

SEATA has formed a committee to support the NATAPAC. Here are some frequently asked questions about the PAC:

What is NATAPAC?

- NATA's political action committee.
- Its purpose is to provide campaign contributions to approved candidates on behalf of the members of the NATA.

What can NATAPAC do for me?

- Through NATAPAC, you can help elect candidates who help to shape the laws and regulations affecting the athletic training profession. Supporting federal candidates who will work on issues of value to certified athletic trainers will help strengthen the profession. Your support and financial contribution is an investment in your profession and your career.

Can NATAPAC really make a difference?

- Yes! We cannot afford to sit on the sidelines and watch Congress make decision that negatively affect the athletic training profession. Nor can we allow aggressive competitors to be the only voice in the prevention, assessment, treatment, and rehabilitation areas. Legislative success on the federal level helps our efforts on the state level.

Who can contribute?

- Any member of the NATA can contribute to NATAPAC.

How much should I give?

- ANY amount is welcome. Contributions are voluntary and you have a right to refuse to contribute without reprisal. Contributions cannot be deducted as a charitable contribution for federal tax purposes.

How can I contribute?

- You can make a donation with your annual dues renewal. You can also visit the NATAPAC web site at <http://www.natapac.org/> for more

information. You can also make a credit card donation there, download contribution forms, and hear about current fundraising efforts.

What if I have questions?

- You can contact your state NATAPAC representative:
 - Chair: Keith Webster, Kentucky
 - Alabama: Heloise Jones, ATC
 - Florida: Matthew Glogowski or Larry Starr
 - Georgia: Thomas Bair, II
 - Louisiana: Bob Goodwin
 - Mississippi: Mike Wilkinson
 - Tennessee: Chris Snoddy, or Doug May

Contact information can be found on the SEATA website, <http://www.seata.org/natapac.htm> or you can contact Amy Callender at the NATA office at amyc@nata.org or 1.800.879.6282. NATAPAC website: <http://www.natapac.org>

Women in Athletic Training Committee

Programming- The District IX WATC will be sponsoring a session at the 2008 SEATA Clinical Symposium and Members Meeting. The session will cover pregnancy and athletics, so look for more information in the future.

Awards- We are in the middle of awards nominations, and we are always interested in learning about worthy women. If you know any female athletic trainers who deserve to be nominated for national, district, or state awards, make sure you

nominate them or let us know. If you need assistance with the process, contact your state rep, since we'll be nominating candidates, too.

History- A timeline of women in District IX has been posted on our district WATC committee page and in the SEATA history area. It has a lot of great information, so take a minute or two to check it out.

The WATC strives to provide resources to help all members of the association

regardless of gender. The SEATA and NATA websites are great places to find out what the committee has to offer and to find contact information for all representatives.

The WATC district committee is comprised of a chair and members from each of the states in the district- Mary McLendon (Chair), Sherry Kimbro (AL), Kristen Couper Schellhase (FL), Cheryl Ellis (GA), Cary Berthelot (LA), Sheri McNew (KY), Ruth Haugan (MS), and Peggy Bratt (TN).

SEATA Exhibits Committee

Our 2008 SEATA Partner Plans will be mailed the first week of December. We are looking for another good year with our exhibitors as we had a very good turnout for the Franklin, TN meeting. I would like to get 55 booths this year. We want to attract more vendors, so please put the word out about this meeting to all of those sales reps who call on you. If you have someone who

may be interested in exhibiting at this year's Annual Meeting have them check out the website and go to Meetings and Education for more information or have them contact me.

Please support our exhibitors, especially our Corporate Partners, as they help in making our SEATA Annual Meeting and Clinical Symposium the great success that it has become.

BOC LAUNCHES NEW WEBSITE

October 8, 2007 - Omaha, NE - Today, the BOC is excited to unveil our new website design. The look has changed, but the address stays the same. Welcome to the BOC's website at www.bocatc.org!

The website navigation was simplified and content was reorganized to better meet the needs of BOC stakeholders. A "Market Your BOC Certification" section was added including press releases, media guide information and much more. A new "Comments" section gives stakeholders the opportunity to provide the BOC with feedback, and there is a "Public" section with news and information for the general public.

Another feature of the redesigned website is the user-friendly navigation structure. It allows visitors to view the site map without leaving the page they are on by simply clicking "Show/Hide All" in the navigation menu.

Denise Fandel, BOC Executive Director, says: "The changes to the website are the result of comments and suggestions from all of our stakeholders. You can Be Certain.TM that the BOC will continue to upgrade our services based on this and other feedback."

The Board of Certification, Inc. (BOC), a national credentialing agency, has been certifying Athletic Trainers and identifying, for the public, quality healthcare professionals with certainty since 1969.
